THE Hongkong trade mission to Australia seems to have achieved its object in bringing the Colony and its products to the notice of the Australian people.

Hougkong is not geographically far away from Australia, but there is an abysmal ignorance there of what goes on in this part of the world.

Evidence of this is obvious when reading a letter we publish today on page 10, which says in part: "In a recent broadcast by Mr. Robin . Hutcheon (China Mail Editor now on leave) was very surprised to hear that English was spoken by many people in Hongkong."

By A CHINA MAIL REPORTER

A crack team of burglars ripped through steel-wire mesh, cut an eight-inch hole in a plate-glass display window and stole 25 expensive wrist-watches worth \$10,825 from the Gloucester Arcade jewellers, Dabera Ltd, early this morn-

This is the third time burglars have successfully victimised Dabera Ltd. They broke in shortly after the opening of the shop 11/2 years ago, and again six months later.

### Gaping hole spotted

The management then installed the steel-wire grille, but this did not deter the pre-dawn theft this morning. The first inkling of what had happened came when a Gloucester Hotel lift operator spotted the gaping hole and large cracks in the display window, and raised the alarm at 6.45 am.

The Arcade's night watchman was successfully eluded by the burglars. .

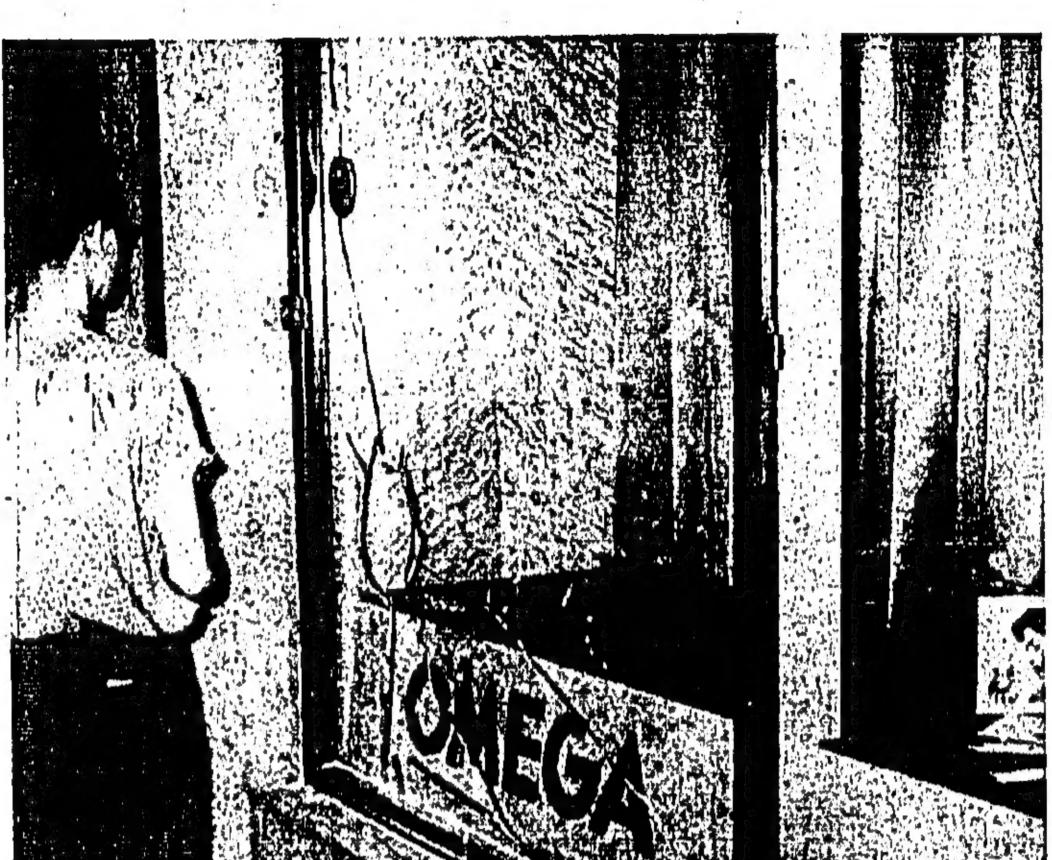

Police investigators were on the scene shortly after being notified by the Hotel's night-duty receptionist, Mr Lau Yiu.

New York, Aug. 3. Vice President Chen Cheng of the Republic of China was greeted warmly by Mayor Robert F. Wagner of New York City today. They talked about the weather and other small subjects but touched lightly on political matters in their 30-minute

Chen. When he tried to read to Chen the inscription on the Medallion, Wagner handed it to an interpreter, saying, "Maybe your eyes are better than mine."

Three other Army records were surpassed-in the hammer throw, pole vault and 4 x 880 yards relay. The Parachute Regiment's two men in the pole vault were SI G. Morris and Ptc. J. ### Disgualification

The fight for the Championship, in which four Guards Regiments had reached the Finals for the first time ever, would have been even closer but for an unfortunate disqualification in the 4 x 220 yards relay which deprived the RE's of 14 points.

But for this they would have been runners-up. In the last "leg" of the event the RE run-Australians: 209 (G. A. The Gordon Highlanders took the lighter events. Fall of wickets: 4-53, 5-53.

From the Files

THE local Open Chinese Championship, promoted by the South China Athletic Association, has been won by a boy prodigy of four-

teen, Master Mak Shiu-man. The tournament, which was concluded on Thursday last, proved very popular. Large numbers of chess enthusiasts thronged the auditorium of the Confuscian Association every Tuesday, Thursday and Saturday evening. The results, accompanied by detailed records and critical remarks by competent chess experts were published day after day in all leading vernacular papers and were eagerly read and discussed by all classes of people.

Besides Mak Shiu-man, contestants included such luminaries as Kong Kuwoon, Ng Sui-sang, Chan Tak-pui, Tang Tit-yu (former champion of Hongkong), Ho Sing-mo, and many others.

Kong Ku-woon who has to his credit a smart victory over the great master Chow Tak-yu, generally regarded as China's foremost chang ki exponent, was beaten into second place by a single point; while Ho Sing-mo, the youngest player in the tournament, being only twelve, showed great promise, and ironically enough, he gained the distinction of being the only player to win a game from the champion.

The driver of a lorry and his passenger had a miraculous escape from death yesterday afternoon when the vehicle collided with the express train from Canton at the level crossing at Taipo.

The gates at the crossing had been closed, and for some unknown reason the lorry crashed into the gate just as the train approached. The next instant there was a thundering smash as the train hit the lorry, but the driver and coolie in it were both flung clear of the train by the force of the impact, and es-Free seating will be avail- caped death. The lorry was completely demolished.
